Dr. Anand Deshpande, Chairman and Managing Director, Persistent Systems

“Our leadership is a recognition of strengths in building software products for our customers. At Persistent, we are collaborating with born-digital companies, software industry leaders, as well as with enterprises who are partnering with us in their transformation to become software-driven. This is driving our focus on Software 4.0 which extends our software product DNA with competencies such as design thinking, collaborative innovation, hackathons, and continuous engineering.”

Mr. Sidhant Rastogi, Partner & Practice Head, Zinnov

“Persistent’s strong track record in building software products and their expertise in software engineering makes them a preferred choice among the customers. The company’s flexible and custom-built platform based solutions, APIs and in-house ready to use frameworks helps in accelerated new product developments”
