Explainable AI as a Service
Easy AI explainability to support your business decision-making

As organizations adopt more complex AI use cases, interpreting the reasoning behind AI output is becoming crucial to reassure customers and is being increasingly demanded as a requirement by regulators. With Persistent's Explainable AI as a Service, you get a visual, easy to understand list of factors that explain the recommendations generated by your AI model, giving you full transparency and control over decisions.

Within 6 weeks, the service helps you improve your model performance by understanding model behavior. It provides enough details to resolves any biases, data drift or other gaps to ensure that have an inclusive AI model. Persistent's Expainable AI as a Service helps you deploy AI models with complete confidence and grow customer trust with human-interpretable explanations.
