Persistent's Collaborate 360: Smarter Employee Collaboration & Insights

About Persistent System

Persistent Systems (BSE & NSE: PERSISTENT) is a global IT services leader in Digital Engineering and Enterprise Modernization. With 23,200+ employees in 19 countries, it drives AI, cloud, automation, and CX transformation for businesses across industries. A UNGC participant, it's carbon-neutral and India's fastest-growing IT brand in 2024.

What we offer

Persistent's Collaborate 360 solution empowers employees with seamless collaboration through an intuitive board for sharing best practices and compliance documents via the Knowledge Hub. Executive dashboards provide portfolio CEOs with performance insights, while CXOs can register for events and access related materials. The corporate wellness module fosters employee well-being through engaging activities. Leveraging Azure OpenAI, Collaborate 360 features an intelligent chatbot that delivers highly accurate financial insights, analyzing structured and unstructured data with references from Power BI reports and PDFs-enabling smarter, data-driven decisions for executives.

What our customers are saying

"Persistent's Collaborate 360 has transformed how our teams work together, providing real-time insights and seamless access to critical data. The AI-powered chatbot delivers precise financial insights, driving smarter decision-making."

– Head of Digital Transformation, Private equity firm

Why Microsoft Azure?

Be future-ready

Continuous innovation from Microsoft supports your development today, and your product visions for tomorrow. With 1,000+ new capabilities in the past year, you can build on the latest advancements in AI, blockchain, Kubernetes, containers, and databases to keep you ahead of the curve.

Our enterprise grade analytics solution outperforms the competition, costs less, and is fully compatible with your existing development, BI, and data-science tools

Operate hybrid seamlessly

On-premises, in the cloud, and at the edge—we'll meet you where you are. Integrate and manage your environments with tools and services designed for hybrid cloud.

Enhance security, simplify access, and set smart policies across your different environments with a single-identity platform trusted by 90% of enterprises globally.

Build on your terms

You have choices. With a commitment to open source and support for all languages and frameworks, build and deploy how you want to. Take advantage of the full-featured, integrated development environments with built-in support Visual Studio and Visual Studio Code, the most popular IDEs trusted by 15M+ developers.

We embrace open source, drive innovation through collaboration, and contribute back to the community.

Trust your cloud

Get security from the ground up, backed by a team of experts, and proactive compliance trusted by enterprises, governments, and startups.

With a $1B+ investment in security R&D and 3,500 cybersecurity experts, security is foundational for Azure.

Microsoft Azure

Microsoft Azure is an ever-expanding set of cloud computing services to help your organization meet its business challenges. With Azure, your business or organization has the freedom to build, manage, and deploy applications on a massive, global network using your preferred tools and frameworks.
