

ContractAssist: AI-Powered Contract Management for Faster, Smarter Decisions

About Persistent Systems

Persistent Systems (BSE & NSE: PERSISTENT) is a global IT services leader in Digital Engineering and Enterprise Modernization. With 23,200+ employees in 19 countries, it drives AI, cloud, automation, and CX transformation for businesses across industries. A UNGC participant, it's carbon-neutral and India's fastest-growing IT brand in 2024.

What we offer

Persistent's ContractAssist solution, powered by Azure AI, helps enterprises in reimagining Contract Management:

1. AI-Driven Insights: Leverages GPT-3.5 and GPT-4 models for natural language processing, providing intelligent contract analysis and decision support.
2. Seamless Collaboration: Integrates with Microsoft 365 Copilot and Teams, offering real-time collaboration tools and centralized workflows within a unified dashboard
3. Enhanced Productivity: Streamlines navigation and workflows, saving users 20–25 minutes daily and reducing email communication by up to 95%.
4. Robust Compliance and Security: Ensures secure data handling, advanced search capabilities, and seamless compliance with observability tools.

What our customers are saying

"With ContractAssist, we've streamlined contract management, reduced review time, and improved accuracy - AI-driven efficiency at its best!"

– Vice President, Procurement, US Multinational Telecommunications Leader

Why Microsoft 365?

Save your company money

Microsoft 365 is available as a simple monthly subscription. Avoid large up-front costs for new software while moving the cost of IT from capital to operating expense. And without on-premises servers to run email, websites, and document storage, you can reduce energy costs and save by no longer purchasing new server hardware.

Scale your business quickly and flexibly

Microsoft 365 grows with you on the Microsoft Azure cloud. Adding a new user is as simple as buying an additional license, which allows access to business-critical technology on up to five PCs/Macs and five mobile devices. Microsoft 365 provides many plans to fit the right capability needs and price points for each user in your organization.

Technical support

Your Microsoft 365 subscription comes with 24/7 support from a global network of experts, with one-hour response for critical, service-impacting events.

Financially backed SLA

Get peace of mind knowing your services are available when you need them with a financially backed, 99.9% uptime service-level agreement.

Simplified IT management

Reduce headaches by reducing your IT infrastructure. Content lives safely in globally distributed data centers with continuous backup and disaster recovery abilities.

Key use cases

Business-class email

Build anything from lightweight websites to multi-tier cloud services that scale up as your traffic grows.

Cloud storage

Rely on geo-redundant cloud storage for backup, archiving, and disaster recovery.

Meet online

Get actionable insights from your data by taking advantage of a fully compatible, enterprise-ready Hadoop service.

Collaborate, chat privately

Accelerate your mobile app development by using a backend hosted on Microsoft Azure.

Microsoft 365

Microsoft 365 is a cloud-based subscription service that brings together the best tools for the way people work today. By combining best-in-class apps like Excel and Outlook with powerful cloud services like OneDrive and Microsoft Teams, Microsoft 365 lets anyone create and share anywhere on any device.
