Santa Clara, CA and Pune, India

News Summary

[Persistent Systems](#) (BSE: 533179 and NSE: PERSISTENT), a global leader in Digital Engineering and Enterprise Modernization, has been named to TIME and Statista's Best Companies in Asia-Pacific 2026 list, ranking 9th in the Professional Services category across Asia-Pacific and 7th within India. Among Indian enterprises, the Company ranked 46th out of 179 companies, positioning in the top quartile nationally.

Published by TIME in collaboration with Statista, the Best Companies in Asia-Pacific list evaluates organizations across three core dimensions: Employee Satisfaction, Financial Performance and Sustainability Transparency (ESG). The rankings are based on structured analysis of employee survey data, financial disclosures and standardized ESG metrics.

The recognition reflects Persistent's sustained growth, disciplined execution of its AI-led digital engineering and enterprise modernization strategy, as well as continued long-term stakeholder value creation. The Company fosters a culture of continuous learning, enabling employees to evolve their skillset at pace with the rapid advancements in technology. High employee retention and strong client satisfaction reflect a workplace built on collaboration, innovation and measurable impact.

Persistent's forward-looking governance framework and operational rigor have reinforced its credibility as a resilient, future-ready organization. As a result of this commitment to ESG, Sustainability Transparency was Persistent's highest-scoring evaluation dimension. The Company has achieved measurable reductions in carbon emissions and continues to

strengthen its ESG disclosures and governance standards. Persistent maintains robust data privacy practices, has set ambitious diversity objectives and holds [ISO 42001](#) certification for AI management systems, reinforcing its commitment to responsible and ethical AI adoption.

This ranking strengthens confidence among clients, partners and investors, affirming Persistent's credibility as a trusted long-term technology partner. As the Company continues to expand globally, it remains focused on disciplined growth, responsible innovation and sustained value creation across the markets it serves.
