

INDEPENDENT ASSURANCE STATEMENT

to the Management of Persistent Systems Limited

Persistent Systems Limited (Corporate Identity Number L72300PN1990PLC056696, hereafter referred to as 'PSL' or 'the Company') has commissioned DNV Business Assurance India Private Limited ('DNV', 'us' or 'we') to undertake an independent of assurance of the Company's disclosures in Business Responsibility and Sustainability Report (hereafter referred as 'BRSR'). The disclosures include BRSR Core as per Annexure 17A and the non-financial disclosures as per Annexure 16 of SEBI's Master Circular for BRSR (Master Circular No. HO/49/14/14(7)2025-CFD-POD2/I/3762/2026, dated January 30, 2026).

Our Conclusion:

Reasonable level of Assurance- BRSR Core

Based on our review and procedures followed for reasonable level of assurance, DNV is of the opinion that, in all material aspects, the BRSR Core Key Performance Indicators (KPIs) under 9 ESG attributes (as listed in Annexure I of this statement) for FY 2025-26 are reported in accordance with reporting requirements outlined in Industry Standard on Reporting of BRSR Core.

Limited Level of Assurance- BRSR Disclosures

On the basis of the assessment undertaken, nothing has come to our attention to suggest that the non-financial disclosures (as listed in Annexure I of this statement) in BRSR do not properly adhere to the reporting requirements as per BRSR reporting guidelines in Annexure 16 of SEBI's Master Circular.

Scope of Work and Boundary

The scope of our engagement includes a reasonable level of assurance for the 'BRSR Core' attributes and a limited level of assurance for the non-financial disclosures, for the Financial Year (FY) 2025-26.

Reasonable assurance of BRSR Core: Boundary covers the performance of PSL operations that fall under the direct operational control of the Company's legal structure. Based on the agreed scope with the Company, the boundary of reasonable assurance covers the operations of PSL as stated in the table below.

BRSR Core Attribute	Boundary for Reasonable Assurance
Attribute 1 GHG footprint: Scope 1 emissions	All Global locations*
Attribute 1 GHG footprint: Scope 2 emissions	All Global locations
Attribute 2 Water footprint	India locations**
Attribute 3 Energy footprint	All Global locations
Attribute 4 Waste Management	All Global locations***
Attribute 5 Enhancing Employee Wellbeing and Safety	All Global locations
Attribute 6 Gross wages paid to females as % of wages paid	All Global locations
Attribute 6 POSH	India locations
Attribute 7 Enabling Inclusive Development	India locations
Attribute 8 Fairness in Engaging with Customers and Suppliers	All Global locations
Attribute 9 Openness of business	All Global locations

*Scope 1 emissions from PSL's international sites have not been accounted for, as the company does not have direct operational control over these leased facilities.

**Water consumption data is reported only for India operations, as PSL does not have the operational control required to accurately measure or manage water usage across international locations.

***Waste data is estimated for PSL leased facilities for India and International locations, as PSL does not have direct operational control over managing and disposing the waste.

Limited assurance of rest non-financial disclosures in BRSR: Boundary for limited assurance of rest non-financial disclosures in BRSR covers the operations of PSL across all global locations, unless otherwise specified in the report.

This boundary for limited assurance also applies to the BRSR Core attribute-related disclosures as mentioned in the table above and cross-references, except where the BRSR report explicitly specifies that certain disclosures are applicable only to India operations.
